Issued: December 2025

PROFESSIONAL SUMMARY

Web Developer with a Bachelor of Actuarial Science background from Yangon University of Economics. Transitioned from actuarial studies into practical web development, building modern, responsive, and user-friendly websites and web applications with HTML, CSS, Bootstrap, JavaScript, PHP, and Laravel. Focused on writing clean, maintainable code and continuously learning new tools.

WEB DEVELOPMENT PROJECTS

YUE Registration System

HTML · CSS · Bootstrap · JavaScript

A responsive university registration website built for Yangon University of Economics students, giving them an easy way to access registration information and university services.

[Live Demo](#) · [Source Code](#)

Remembering YUECO

HTML · CSS · Bootstrap · JavaScript

A student-focused clothing e-commerce website for Yangon University of Economics students, designed to make browsing, selecting, and purchasing university-inspired fashion simple and convenient.

[Source Code](#)

ZayBarn

PHP · Laravel · MySQL

A Laravel web application built on Laravel's standard MVC architecture (models, routes, database migrations), demonstrating PHP/Laravel back-end development fundamentals.
